

Hello Neighbour,

Because he are practicing 'social distancing' and all public **Anzac Day** gathering and ceremonies have been cancelled, doesn't mean we can't mark Anzac Day in a meaningful and community spirited way together.

Let us all gather at our own letterboxes (or on your unit's balcony) on **Saturday 25 April at 5:55am** to prepare for a minute silence together.

If anyone has a musical instrument and would like to play something suitable just prior to the 6am **Minute of Silence** - then that would be wonderful!

You might also come up with another way to show your respect. e.g. - chalk drawings on your driveway, make more paper poppies (see below), display an Australian Flag, make a sign with the words "Lest We Forget" etc. Let's all get creative - we certainly have the time!

Here is a paper poppy for you to cut out, make and then place on your letterbox/balcony prior to Anzac Day to show your that you will be participating in this collective, but 'socially distant' ANZAC Day Commemoration. (*There might also a small amount of "tac" for you to stick your Poppy to your letterbox*). You can also print, make and attach these to small stick/skewers and place in your garden or the Council/nature strip.

A quick **instructional video** on how to fold and make your poppy is available on You Tube. Just search: **Our Neighbourhood letterbox ANZAC Day Poppy** - for instructions. There is also access to a **PDF copy of this Poppy Pattern**, so you can print out as many as you would like - just grab yourself some red paper and get making.

Please join us to remember:

**"Lest We Forget"**
