Felting around a measured resist, participants will create and decorate their own 'funky felted hat'. The hat will be blocked and trimmed and moulded into - well pretty much any 'funky' shape you like to create. You will make a very individual hat with colour and texture all round! We will also make a decorative 'flower pin' to add to your hat.

Participants will be given a free link to an online workshop on "How to make a hat block", so they can continue to make their own hats post workshop.
